POWER OF 15

FOX C-6 SCHOOL DISTRICT

Earning college credit is a way for **every** student to learn important skills, regardless of their plans after high school.

The Purpose

The Power of 15 is a program designed to encourage students to challenge themselves in order to learn new skills that will help them find success in careers or higher education. Those who complete the Power of 15 program by enrolling in 15 or more college credit hours with no more than 6 hours of dual credit AND at least 3 AP classes in which they have taken the AP exam will earn a cord at graduation.

For more information, contact your building principal or guidance counselor.
